Murder Statistics, Russia 2013

Personal security stays on trend of improvement. In 2013 it was recorded that 14,000 people were murdered in Russia, or 9.7 per 100,000 people. This compares very favorably with the time before Vladimir Putin reigned in on the anarchy and terror in Russia. For example in year 2002 there were 44,252 murders or 30.2 murders per 100,000.

Russia: Murders per 100 000 people 1999-2013
