Salary Survey Saint Petersburg 2013

Awara Direct Search

This salary survey was conducted in order to provide an overview of the job market and average salaries in Saint Petersburg. In order to keep the survey manageable yet meaningful, only the most in-demand positions are displayed.

What becomes obvious is that the most sought for positions among employers are Sales Directors, Senior Lawyers (especially in law firms), and IT Managers.

In general, one can say that salaries (especially for executives) in Saint Petersburg are on the rise. At the same time, mostly due to this phenomenon, it is difficult to state a definite salary figure as the pay for most positions can vary considerably, especially among the top ranks.

However, more and more large, internationally operating companies are entering the Saint Petersburg market. People providing the needed skills in the higher positions of these companies are rare and thus very well paid.

The first column displays the salary of the major part of employees. To give an idea of the earning possibilities in Saint Petersburg, we introduced a "Top Earners" column, displaying an average salary level at the top end of the job market. Top Earners usually have a higher level of education and specialize in higher technologies or work for international companies.

Methodology

In order to provide our clients with up-to-date and reliable salary information we have relied on extensive research from a diverse pool of professional sources. The figures were accumulated from online surveys and personal interviews with participants consisting of executives and specialists working in or related to Saint Petersburg, representatives of leading employers in Saint Petersburg, job candidates, career portals, and estimations by Awara's experienced specialists.

The salary estimate quotes in the tables to follow portray average monthly gross salary ranges which do not include bonuses. The figures are presented in RUR.
